The Positive Discipline Way

*Creating Respectful
Relationships in Homes &
Schools*

**Join us for coffee & conversation in a
supportive, interactive learning
environment.**

Research has demonstrated the importance of social and emotional learning, even above academics. **Positive Discipline** parenting tools teach valuable social and life skills without using any form of punishment, rewards, praise, permissiveness and even logical consequences—at least hardly ever.

Participants will:

- Learn effective tools for how to use discipline that is **kind and firm**, creates **connection before correction**, is **empowering** and **encouraging** to children to believe in their own capability, and keeps the **joy** in parenting.
- Gain practice with experiential exercises for “getting into the child’s world” to understand the “belief behind” behavior in order to motivate change.
- Obtain a set of resource materials for use during class, and beyond!
